

My name is Valeria, I have been dancing at Chesco dance center for nearly 10 years. I found a love for dance at 2 years old and have been working hard to improve my technique and more since. I have done many other sports but dance has always outshined and gave me the most joy out of all of them. This is my first year being a teaching assistant and seeing their faces light up with joy reminds me of when I was their age being overjoyed to go to dance class. Just knowing one day, the little kids I once taught will be the big girls of the studio that they once looked up to makes me overwhelmed with pure happiness. I am looking forward to this year of dance and what path dance will take me to.
