Level Change for the Season

Unlike regular school, dancers often study at the same level classes/styles for 1-3 years. They spend the first year learning the curriculum at what is called a “novice level”, they then progress to “mastering the level”. Dancers who progress in this manner become more proficient at all aspects of the dance curriculum and the benefits also include building confidence, strength, poise, and technique.

Pointe Invitations

To be considered for pointe, dancers must have at least 1 year Ballet experience and be 11-12 years old. Once accepted to the pointe program they must maintain 2 separate ballet classes a week on separate days, and must take the pre-pointe class before being accepted into the pointe program. Pre-pointe dancers may take 1 ballet class until accepted into the program.
