

My name is Brooklyn, I have been dancing at Chesco Dance Center for 8 years. I love to dance and perform. I am a member of the Gems Dance Company. I love being a part of the Chesco Dance Center family because it feels like my second home, I get to dance with my best friends, and I just love to dance! This is my second year of being a teaching assistant. I love being a teaching assistant because I like to inspire the little dancers. It is so much fun to meet and work with all of the them! I like to help them learn, I like to show them how fun dance is, and I like showing them all of the cool moves! One of my favorite parts about helping is watching the dancers in the recital and seeing them perform! It is so cool to see all that they have learned through the year. I hope they all love dance as much as I do!
